"THERE WERE PEOPLE MOVING TOWARDS MY DIRECTION. SOMEONE WAS POINTING AT ME WITH A JOYOUS GREETING SAYING- 'I KNEW THAT LADY IS SOMEBODY SPECIAL... I TOOK A PORTRAIT OF HER'. THEN THERE WERE FLASHES OF CAMERAS."

NARRATOR: (MALE)

THIS MEMORABLE ENCOUNTER AT FATIMA IS A MANIFESTATION OF WHAT LUZ CLAIMS THAT SINCE 2002 OR 15 YEARS AGO, SHE LOOKS LIKE SR. LUCIA.

COINCIDENTALLY, AT THE AIRPORT IN GREECE, A CO-PASSENGER SKETCHED LUZ FACE AND LATER GAVE THE PORTRAIT TO HER BEFORE EMBARKING FOR TURKEY. IT IS A GREAT GIFT WHICH LUZ TREASURES A LOT. SR. LUCIA OCD, TRULY LED US IN ATTENDING THE CENTENNIAL ANNIVERSARY ON OCTOBER 13, 2017.

Sorry that I was not able to get the museum approval from the family of Carlos Ortega. You can talk to them by visiting them. Anyway, it is only one vote from the grandchildren of the Joaquin Ortega. Hope you can get the 51 percent consent of the grandchildren in order to get the consent of the Ortega of the East. Good luck and God bless.

Dear Jeremy,

I am very pleased that you have shown such an interest in the smallest of Chinese Clans, the SEKTO Family Clan. I have both the energy and the time to write such a book and history but I need the support of fellow Secto members who are willing and able to supply me with any bits of relevant history regarding our clan. So far, I have not found too many willing participants. Could it be because of the Chinese inherent suspicion or envy that if one of them do well in anything, they will think that they have stolen their thunder? In the autumn of my years, the things I find most important in my life is the validation, propagation and promotion of the Secto Family name and to have a written history of the roots of our revered ancestors. As you know, though our clan is a small one, in terms of achievement in social and worldly affairs, we have achieved much but who is to know which Secto has done what notable things? Money is important but to have a written reference for my family and children as a guide post for them and their children and posterity is most important. In my father's ancestral home in Qwal Bek Lay village in Hoiping, on each side of the altar in the main lounge, are two old banners, bearing the messages: "Revere and honour your ancestors and forbears, for they are the ones who gave you your life and the good things for which you enjoy. Follow in their footsteps and do good deeds. And your life will improve with abundance. Your life will be rewarded and it will increase like a roaring fire! God bless our family!"

For any Secto clan member who may read this post. Ponder upon this: What makes a human being different from an animal? Surely, it is that we humans have a written history and we revere and appreciate our ancestors who pass on down to us through time and experience, the collective knowledge and wisdom in order that we can enjoy a good life and perpetuate our family.

Luz: I went to Carlos house last night but no people. I will go again today Monday around 5pm. ...inside the plastic envelope. I did not see any request letter of what you want from Carlos.

You please find out his thoughts on museum since ambassador manang christine agrees to a museum. We twins can no longer proceed because the clan has to agree. The fact that "he heirs can't do anything"

not succeeded in selling the property maybe they have to consider what does the real owners lolo and lola wants. It is not really what the community could see inside but that outside there is a big Spanish house where an important person has

person has built his house inside big family that are scattered throughout the world. When the laborers building asphalt on the P. Streets at supported the desk of papa at lola paca house 2nd floor their comment was

"magdakat met dayam". Indeed it is spacious. The reason we had the desk and chair placed there so dat, if we go up we have a place to sit. Infact Pablo Ortega said dat if the museum materialises when I went to see him at city Hall May 13.

see him at city Hall May 13, feast of Fatima mng. Remy has to return the sofa. School children will visit the place. Tempted to remove the statue of lolo der, but on the other hand it is his house. I guess it is an insult to him. A person of good character must not think of what he gets from his descendants but what he leaves for his children. We have to reach out. The good must prevail and not allow the evil to triumph. Peace and love. Amen.
